A PLAN FOR YOUR LIFE, YOUR SCHEDULE.

Whether you eat every meal on campus or just grab a bite now and then, you'll love the value, variety and convenience of your meal plan.

When you purchase a meal plan, you get:

1. Weekly Meal Allowance – Plans that come with a weekly meal allowance offer a certain number of meals each week that a student can use at their leisure. Meals do not roll over from week to week..
2. Declining Balance Dollars – Declining Balance Dollars come with your plan. These dollars supplement your weekly meal allowance or block plan and can be used in the café to purchase snacks and beverages.

Meal Plan Options:

19 Meals per Week + \$50 Declining Balance Dollars

This meal plan provides flexibility in dining, allowing you 19 meals per week that you can use for breakfast, lunch or dinner each day, depending on your schedule. You will also have \$50 Declining Balance Dollars to purchase snacks or beverages.

170 Block Plan + \$550 Declining Balance Dollars

This plan gives you 170 meals to use at your leisure over the course of the semester. You can decide on when you use them each week. \$550 in Declining Balance Dollars will provide you the opportunity to pick up snacks and beverages throughout the day or to enjoy in your room later.

Juilliard students living in the residence hall are required to be on the meal plan. Each student is initially placed on the 19 meals per week plan but have the option to switch to the 170 block plan when they arrive at school. The meal plan is included in the room and board fees. No action is necessary at this time unless you wish to change from the 19 meals per week to the 170 Block Plan or add Declining Balance Dollars. For more information about how the meal plan works, please attend one of the information sessions scheduled on Sunday, August 25 during New Student Orientation.

FAQs

Can I carry meals over to the next week?

Meal plans that come with a certain number of meals per week do not carry over to the next week. Block plans that come with a certain number of meals per semester carry over throughout the semester. Customers on either of the meal plans may use up to 3 meals per day. You are entitled to eat the number of meals per week in your plan, beginning at breakfast each Thursday through Wednesday dinner. Meal plans are non-transferrable and you may not let anyone else use your plan. It's key to select the best meal plan for your schedule and your dining style so you get the max from your dining plan. If you are a resident you pick up your bar code during the beginning of the semester in the Café, located on the 3rd floor of the Rose Building. This is also when you select what plan you would like to be on.

Can I change my meal plan?

Absolutely! We want you to have the best membership for you. You can adjust your membership during the first 2 weeks of each semester. Simply go to the Dining Services Office on the 3rd Floor of the Rose Building.

What do I do if my Declining Balance Dollars run low?

The same thing you do if your debit card runs low. Simply make a deposit to your account by cash, check, money order or credit card. Go to the Dining Office in the Rose Building and tell a manager you would like to replenish your Declining Balance Dollars.

What happens to my unused DBDs and Meals at the end of the semester?

Your unused dollars transfer from fall to spring. At the end of the spring semester unused dollars and meals are nonrefundable and cannot be transferred to the next academic year.

What is a meal exchange?

Juilliard Dining offers a meal exchange program. This means that customers can choose one each from a list of fountain beverages, entrees, snacks and desserts to create a meal that can be paid for with one of their meals from per week or block meals. The options for meal exchange are clearly listed at each station. Anything in addition to the meal exchange can be paid for with cash, credit or Declining Balance Dollars.

Can I treat a friend to a meal on my plan?

You and only you can use your "meals", one meal per period. But you can certainly treat a friend to a meal by using Declining Balance Dollars.
